## Enrollment of Older Patients, Women, and Racial/Ethnic Minority Groups in Contemporary Acute Coronary Syndrome Clinical Trials A Systematic Review

Ayman Samman Tahhan, MD; Muthiah Vaduganathan, MD, MPH; Stephen J. Greene, MD; Alaaeddin Alrohaibani, MD; Mohamed Raad, MD; Mazen Gafeer, MD; Roxana Mehran, MD; Gregg C. Fonarow, MD; Pamela S. Douglas, MD; Deepak L. Bhatt, MD, MPH; Javed Butler, MD, MPH, MBA

Figure 1. Characteristics of Enrolled Participants With Acute Coronary Syndromes (ACS)

If you want to make history, you  
have to do historic things

— Kobe Bryant —

**As reported in the attached systematic review,  
older patients are underrepresented in  
contemporary ACS trials !!!**

**Starting from this background, @theFIRE\_trial can  
be a game changer in contemporaneous RCTs**

**However, we need to rise the enrollment !**

**DON'T MISS THE TARGET !!! ONE PATIENT/WEEK/CENTER**
